

TAPAU TIME

Redefining the Malaysian Takeaway Experience.

The Kopitiam Dilemma

Long Queues & Heat

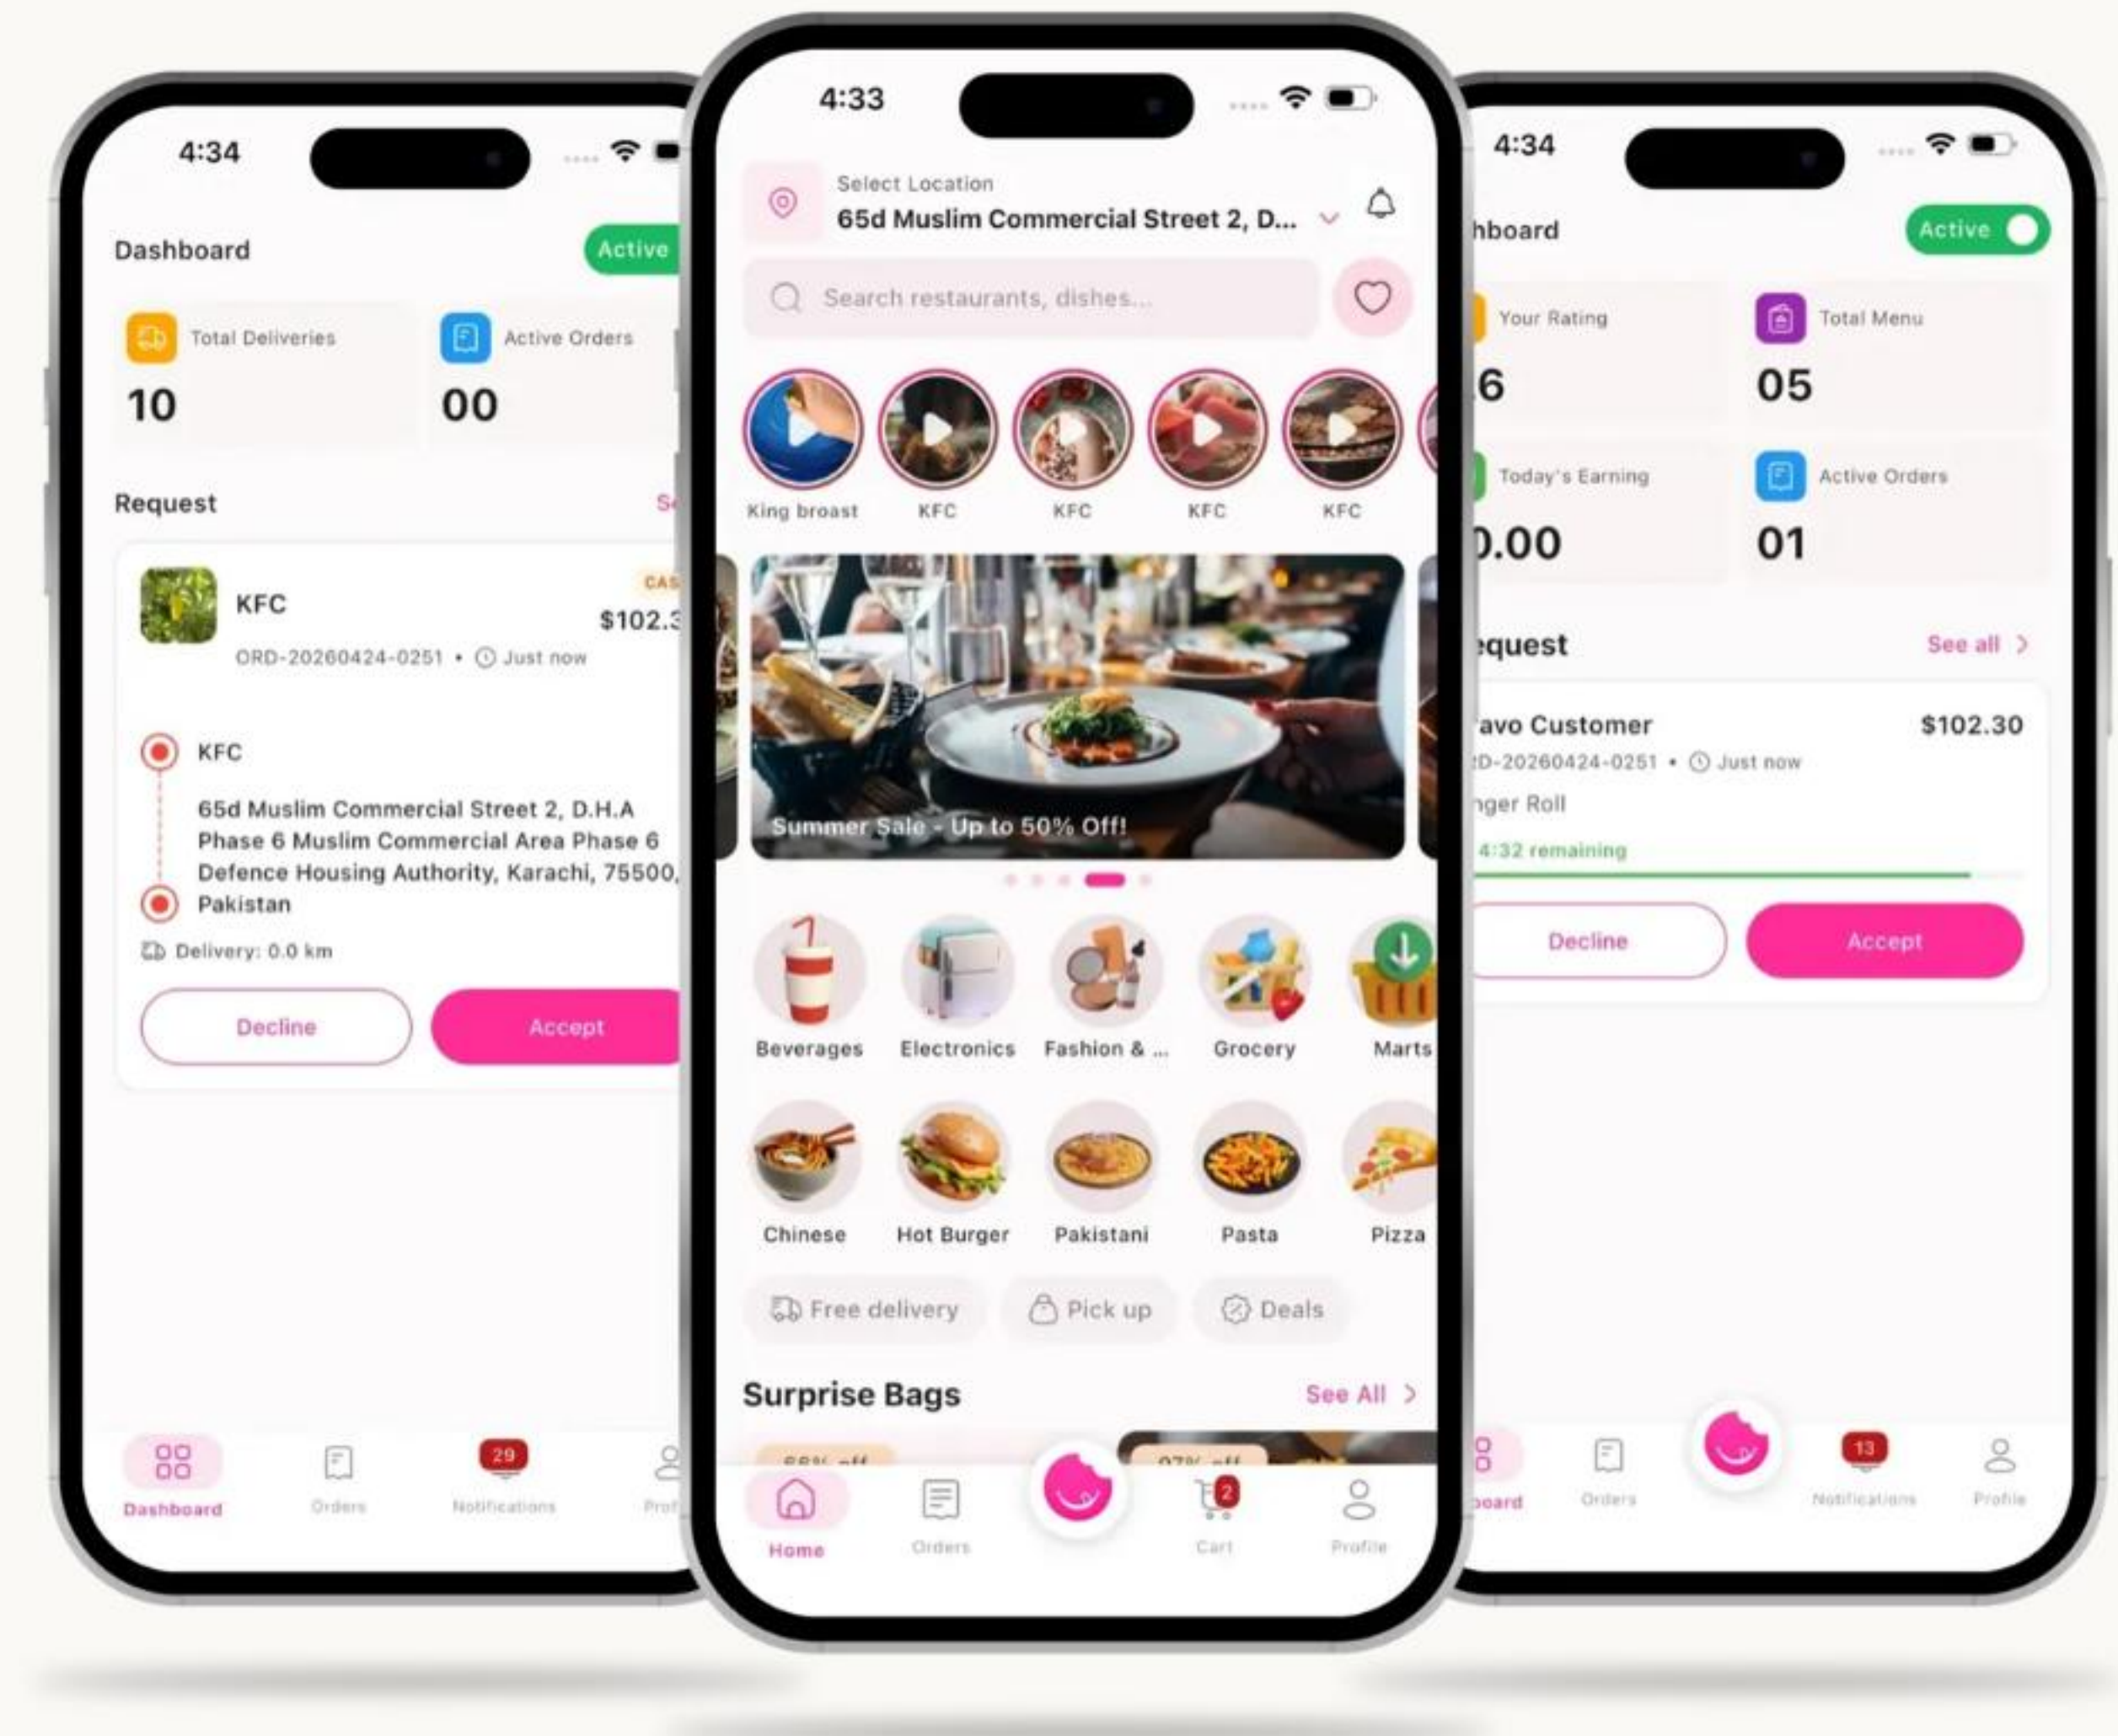

Waiting in crowded, hot hawker centers for 30+ minutes just to grab your daily lunch drains energy and wastes valuable break time.

Lost in Translation

In a loud, bustling environment, complex orders (like "kurang manis, ikat tepi") are frequently misunderstood or completely forgotten.

What is TapauTime?

- ✓ **A Hyper-Local Food App:** Built specifically to bridge the gap between busy Malaysians and traditional street food vendors.
- ✓ **Preserving Culture:** We embrace the unique "tapau" culture, from specific packaging rules to customizable hawker slang.
- ✓ **Queue Skipping:** Order ahead, pay seamlessly on your phone, and grab your hot food the second you arrive.
- ✓ **Tech for All:** An intuitive, highly visual interface designed for both tech-savvy users and traditional hawker uncles/aunties.

Core Offerings

Smart Pre-Order

Browse menus from your favorite local stalls and schedule your pickup or delivery time in advance.

Grab & Go

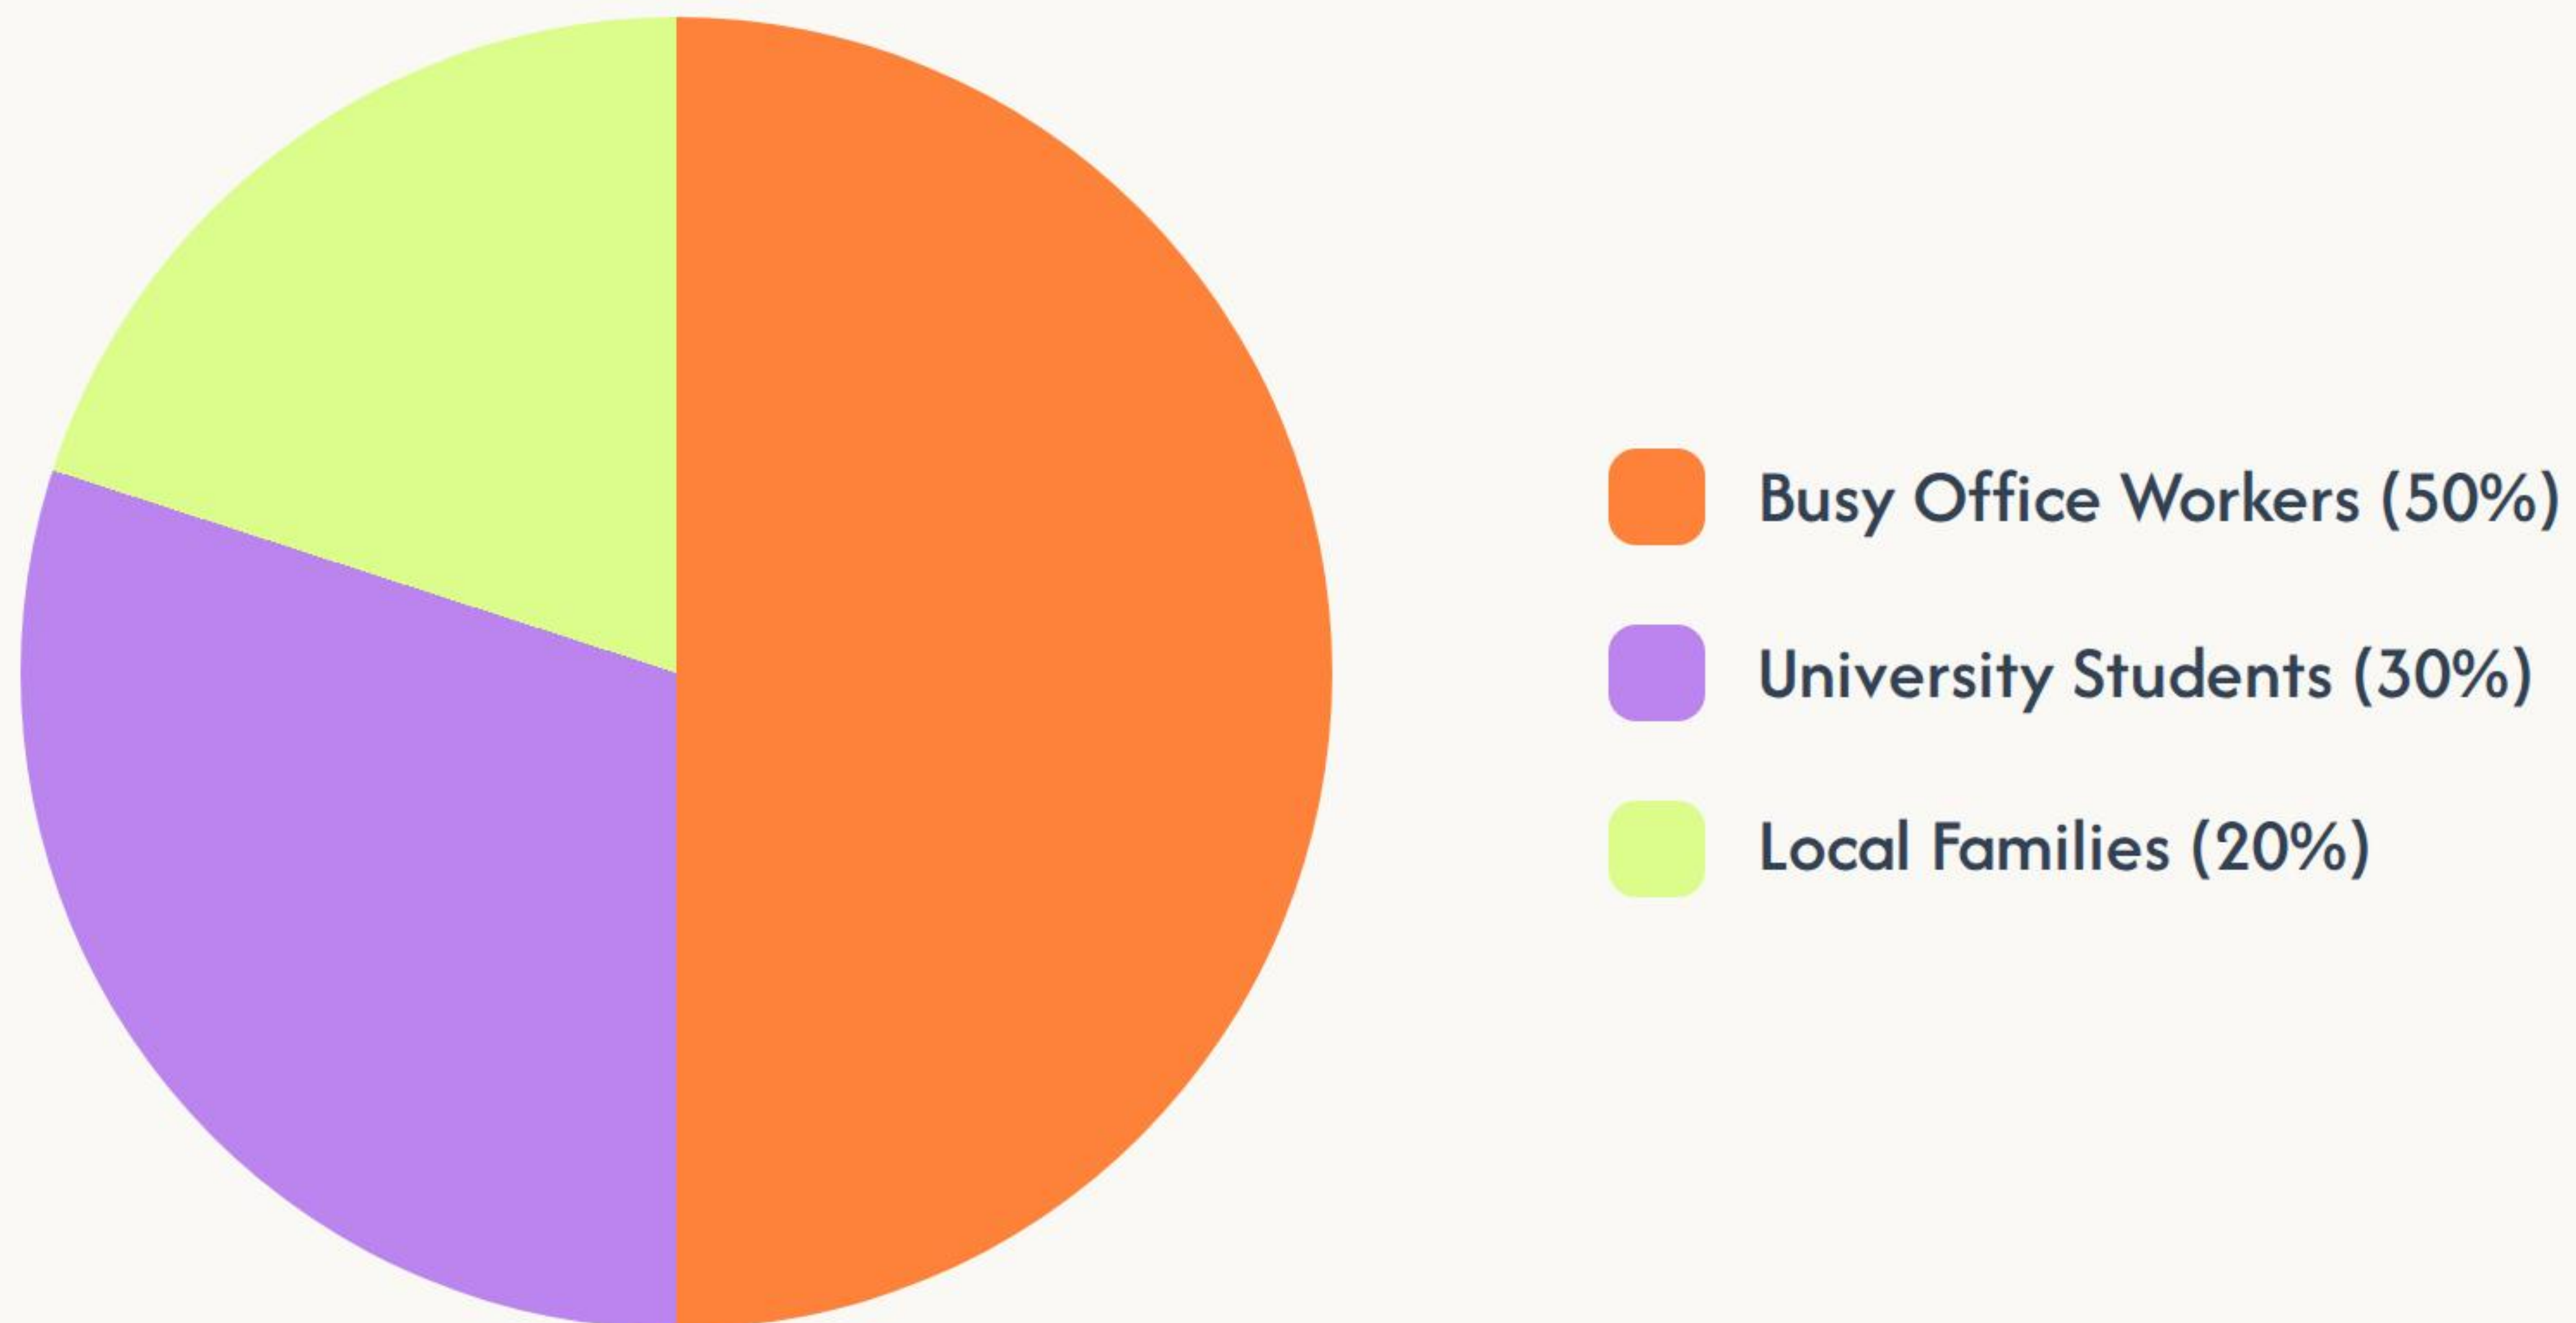

Arrive exactly when your food is freshly packed. Scan your QR code, grab your meal, and skip the line.

Hawker Delivery

Enjoy specialized delivery designed to keep your "ikat tepi" drinks secure and your noodles perfectly separated.

Target Audience

Seamless Social Integration

Vendors can easily add their TapauTime ordering link directly to their Instagram bios.

The User Journey

Empowering Hawkers

Sustaining Local Businesses

We are dedicated to helping traditional hawkers digitize without the burden of massive tech overheads. TapauTime provides vendors with simplified tablets, easy menu management, and dedicated marketing support to help them reach a wider, younger audience.

Impactful Savings

A large, bold, orange '0%' symbol, where the '0' is a thick, rounded shape and the '%' is a standard percentage sign, also in orange.

Commission Fees

A Fair Deal for Vendors

Unlike global food delivery giants that take up to 30% cuts, TapauTime charges a 0% commission fee for all hawkers during their first 3 months. After that, we operate on a flat, minimal subscription model, ensuring the profit stays exactly where it belongs: with the local cooks.

The Culture of Tapau

”

Tapau is not just takeaway. It is a set of rules about containers, rubber bands, what travels separately, and what never travels at all.

”
